

## Line Transformer 40/70

70V Matching Line Transformer, 40W, DIN mount clips included

SKU: COMTR40/70-WA Category: [Accessories](#)

### Description

The matching Line Transformer is connected to the speaker outputs of an IP7 amplifier when connecting one or more “transformered” speakers to the same IP7 amplifier. The Line Transformer provides a 70V line and supports the IP7-SS40.

The Line Transformer provides the following benefits:

- One or more “transformered” speakers can be connected in parallel to the same IP7 amplifier
- Each speaker can be “tapped” for a different volume level
- Speakers can be located up to 3000 feet away from the IP7 a
